33. **E-VERIFY REQUIREMENTS APPLY TO PUBLIC CONTRACTS:** On September 4, 2013, the North Carolina legislature passed a new law that focuses on E-Verify requirements on contractors who enter into contracts with state agencies and local governments. Under North Carolina law, the E-Verify requirement applies to private employers doing business in this state that has 25 or more employees working in this state. If contractors are individuals who are self-employed (i.e., one employee), or with a business with less than 25 employees, that individual/business is not subject to the E-Verify requirements.

The new state E-Verify requirements will require the GWTA to change procedures that relate to the bid process and contract documents. To ensure that we are meeting these requirements, all bid documents for informal and formal bids will be changed. We have prepared the attached affidavit which will be included in the bid documents. Since it is the GWTA's responsibility to comply with E-Verify, the successful bidder will be required to submit the completed E-Verify affidavit after bid award.

The link below clarifies the new state E-Verify requirements. We hope it will be helpful as we transition to meet the requirements.

2. Where the Purchaser enters into a negotiated contract for other than a small purchase or under the simplified acquisition threshold and is an institution of higher education, an hospital or other non-profit organization and is the FTA Recipient or a subgrantee of the FTA Recipient in accordance with 49 C.F.R.19.48(d), the Contractor agrees to provide the Purchaser, the N.C. Department of Transportation, the FTA Administrator, the Comptroller General of the United States or any of their duly authorized representatives with access to any books, documents, papers and record of the Contractor which are directly pertinent to this contract for the purposes of making audits, examinations, excerpts and transcriptions.

3. Where any Purchaser which is the FTA Recipient or a subgrantee of the FTA Recipient in accordance with 49 U.S.C. 5325(a) enters into a contract for a capital project or improvement (defined at 49 U.S.C. 5302(a)1) through other than competitive bidding, the Contractor shall make available records related to the contract to the Purchaser, the Secretary of Transportation and the Comptroller General or any authorized officer or employee of any of them for the purposes of conducting an audit and inspection.

5. The Contractor agrees to maintain all books, records, accounts and reports required under this contract for a period of not less than three years after the date of termination or expiration of this contract, except in the event of litigation or settlement of claims arising from the performance of this contract, in which case Contractor agrees to maintain same until the Purchaser, the FTA Administrator, the Comptroller General, or any of their duly authorized representatives, have disposed of all such litigation, appeals, claims or exceptions related thereto. Reference 49 CFR 18.36(i)(11).

12. No Federal Government Obligations to Third Parties

The Purchaser and Contractor acknowledge and agree that, notwithstanding any concurrence by the Federal Government in or approval of the solicitation or award of the underlying contract, absent the express written consent by the Federal Government, the Federal Government is not a party to this contract and shall not be subject to any obligations or liabilities to the Purchaser, Contractor, or any other party (whether or not a party to that contract) pertaining to any matter resulting from the underlying contract.

The Contractor agrees to include the above clause in each subcontract financed in whole or in part with Federal assistance provided by FTA. It is further agreed that the clause shall not be modified, except to identify the subcontractor who will be subject to its provisions.

13. False or Fraudulent Statements or Claims

(1) The Contractor acknowledges that the provisions of the Program Fraud Civil Remedies Act of 1986, as amended, 31 U.S.C. §3801 *et seq.* and U.S. DOT regulations, "Program Fraud Civil Remedies," 49 C.F.R. Part 31, apply to its actions pertaining to this Project. Upon execution of the underlying contract, the Contractor certifies or affirms the truthfulness and accuracy of any statement it has made, it makes, it may make, or causes to be made, pertaining to the underlying contract or the FTA assisted project for which this contract work is being performed. In addition to other penalties that may be applicable, the Contractor further acknowledges that if it makes, or causes to be made, a false, fictitious, or fraudulent claim, statement, submission, or certification, the Federal Government reserves the right to impose the penalties of the Program Fraud Civil Remedies Act of 1986 on the Contractor to the extent the Federal Government deems appropriate.

(2) The Contractor also acknowledges that if it makes, or causes to be made, a false, fictitious, or fraudulent claim, statement, submission, or certification to the Federal Government under a contract connected with a project that is financed in whole or in part with Federal assistance originally awarded by FTA under the authority of 49 U.S.C. Section 5307, the Government reserves the right to impose the penalties of 18 U.S.C.

Section 1001 and 49 U.S.C. Section 5307(n)(1) on the Contractor, to the extent the Federal Government deems appropriate.

(3) The Contractor agrees to include the above two clauses in each subcontract financed in whole or in part with Federal assistance provided by FTA. It is further agreed that the clauses shall not be modified, except to identify the subcontractor who will be subject to the provisions.

14. Debarment and Suspensions

Executive Order 12549, as implemented by 49 CFR Part 29 prohibits FTA recipients and sub-recipients from contracting for goods and services from organizations that have been suspended or debarred from receiving Federally-assisted contracts.

Contractors are required to pass this requirement on to subcontractors seeking subcontracts over \$100,000. Thus, the terms "lower tier covered participant" and "lower tier covered transaction" include both contractors and subcontractors and contracts and subcontracts over \$100,000.

Instructions for Certification:

- (1) **By signing and submitting this bid or proposal, the prospective lower tier participant is providing the signed certification set out below.**
- (2) The certification in this clause is a material representation of fact upon which reliance was placed when this transaction was entered into. If it is later determined that the prospective lower tier participant knowingly rendered an erroneous certification, in addition to other remedies available to the Federal Government, the GWTA may pursue available remedies, including suspension and/or debarment.
- (3) The prospective lower tier participant shall provide immediate written notice to the GWTA if at any time the prospective lower tier participant learns that its certification was erroneous when submitted or has become erroneous by reason of changed circumstances.
- (4) The terms "covered transaction," "debarred," "suspended," "ineligible," "lower tier covered transaction," "participant," "persons," "lower tier covered transaction," "principal," "proposal," and "voluntarily excluded," as used in this clause, have the meanings set out in the Definitions and Coverage sections of rules implementing Executive Order 12549 [49 CFR Part 29]. You may contact the GWTA for assistance in obtaining a copy of those regulations.
- (5) The prospective lower tier participant agrees by submitting this proposal that, should the proposed covered transaction be entered into, it shall not knowingly enter into any lower tier covered transaction with a person who is debarred,

suspended, declared ineligible, or voluntarily excluded from participation in this covered transaction, unless authorized in writing by the GWTA.

- (6) The prospective lower tier participant further agrees by submitting this proposal that it will include the clause titled "Certification Regarding Debarment, Suspension, Ineligibility and Voluntary Exclusion - Lower Tier Covered Transaction", without modification, in all lower tier covered transactions and in all solicitations for lower tier covered transactions.
- (7) A participant in a covered transaction may rely upon a certification of a prospective participant in a lower tier covered transaction that it is not debarred, suspended, ineligible, or voluntarily excluded from the covered transaction, unless it knows that the certification is erroneous. A participant may decide the method and frequency by which it determines the eligibility of its principals. Each participant may, but is not required to, check the Nonprocurement List issued by U.S. General Service Administration.
- (8) Nothing contained in the foregoing shall be construed to require establishment of system of records in order to render in good faith the certification required by this clause. The knowledge and information of a participant is not required to exceed that which is normally possessed by a prudent person in the ordinary course of business dealings.
- (9) Except for transactions authorized under Paragraph 5 of these instructions, if a participant in a covered transaction knowingly enters into a lower tier covered transaction with a person who is suspended, debarred, ineligible, or voluntarily excluded from participation in this transaction, in addition to all remedies available to the Federal Government, (Recipient) may pursue available remedies including suspension and/or debarment.

“Certification Regarding Debarment, Suspension, Ineligibility and Voluntary Exclusion-Lower Tier Covered Transaction”

- (1) The prospective lower tier participant certifies, by submission of this bid or proposal, that neither it nor its "principals" [as defined at 49 C.F.R. §29.105(p)] is presently debarred, suspended, proposed for debarment, declared ineligible, or voluntarily excluded from participation in this transaction by any Federal department or agency.
- (2) When the prospective lower tier participant is unable to certify to the statements in this certification, such prospective participant shall attach an explanation to this proposal.

15. Termination or Cancellation of Contract

Termination or cancellation of the contract, in whole or in part, may be determined by the project if it is in the best interest of the project. A notice of termination shall be delivered to the Contractor, specifying the extent to which performance of work under the contract is terminated, and the date upon which such termination becomes effective. The Contractor shall be paid for work that has been performed and completed up to the time of termination. The Contractor shall promptly submit its termination claim to be paid. A 30-day notice of termination shall be required.

16. Breach of Contract

If the Contractor fails to make delivery of the equipment, supplies, or services within the specified terms of the contract, or fails to perform within the provisions of the contract, the contract may be terminated by reason of default or breach. A written notice of default or breach of contract shall be presented to the Contractor within three (3) working days of such failure. The Contractor will only be paid the contract price for equipment delivered and accepted in accordance with the requirements set forth in the contract.

If it is determined that the Contractor had an excusable reason for not performing, such as a strike, fire, or flood, events which are not the fault of or are beyond the control of the Contractor, the project, after setting up a new delivery of performance schedule, may allow the Contractor to continue work, or treat the termination as a termination for convenience.

The project in its sole discretion may, in the case of breach of contract, allow the Contractor a specified period of time in which to correct the defect. In such case, the notice of termination will state the time period in which the correction is permitted and other appropriate conditions.

If Contractor fails to remedy to the project's satisfaction the breach or default or any of the terms, covenants, or conditions of this contract within twenty (20) days after written notice from the project setting forth the nature of said breach or default, the project shall have the right to terminate the Contract without any further obligation to Contractor. Any such termination for default shall not in any way operate to preclude the project from also pursuing all available remedies against Contractor and its sureties for said breach or default.

17. Protest Procedures

All protests shall be filed, handled, and resolved in a manner consistent with the requirements of Federal Transit Administration (FTA) Circular 4220.1E Third Party Contracting Guidelines dated June 19, 2003 and the GWTA's Protest Procedures below.

Current FTA policy states that: "Reviews of protests by FTA will be limited to a grantee's failure to have or follow its protest procedures, or its failure to review a complaint or protest. An appeal to FTA must be received by the cognizant FTA regional or Headquarters Office within five (5) working days of the date the protester knew or

should have known of the violation. Violations of federal law or regulations will be handled by the complaint process stated within that law or regulation. Violations of State or local law or regulations will be under the jurisdiction of State or local officials.” (FTA Circular 4220.1E, Section 7, paragraph 1., Written Protest Procedures)

Protests based upon alleged improprieties in a solicitation which are apparent prior to bid opening or time set for receipt of proposals shall be filed 15 days prior to bid opening or the time set for receipt of proposals. If the contract has been awarded, protests must be filed within 10 days after contract award or 5 days after the date the protester was given the opportunity to be debriefed, whichever date is later. To be filed on a given day, protests must be received by 4:30 p.m. current local time. Any protests received after that time will be considered to be filed on the next day. Incomplete submissions will not be considered filed until all information is complete. Unless the time limit for receiving the protest is extended for good cause, a protest that is received after the time limit will not be considered.

All protests should be filed in writing with the City Manager, GWTA, P.O. Box 230 (211 S. Hamilton St.), GWTA, NC 27261. No other location shall be acceptable. To be complete, protests must contain the following information:

1. The protester’s name, address, telephone number, and fax number;
2. The solicitation/bid number;
3. A detailed statement of all factual and legal grounds for protests and an explanation of how the protester was prejudiced;
4. Copies of relevant documents supporting protester’s statement;
5. A request for ruling by the GWTA;
6. Statement as to form of relief requested;
7. All information establishing that the protester is an interested party for the purpose of filing a protest; and
8. All information establishing the timeliness of the protest.

All protests must be signed by an authorized representative of the protester.

When a protest is filed before an award, an award shall not be made until the matter is resolved unless based on written finding that 1) the supplies or services are urgently required, or 2) delivery or performance would be unduly delayed by failure to make the award promptly, or 3) a prompt award would be in the best interest of the City. Should the City postpone the date of bid submission owing to a protest or appeal of the solicitation specifications, addenda, dates, or any other issue relating to the procurement, the City shall notify, via addendum, all parties who are on record as having obtained a copy of the solicitation documents that an appeal/protest has been filed, and the due date for the bid submission shall be postponed until the City has issued its final decision.

When a protest is filed within ten (10) days after an award or five (5) days after a debriefing date was offered to the protester under a timely debriefing request, whichever is later, performance shall be immediately suspended pending resolution of the protest. However, contract performance may continue, notwithstanding the protest, based on

written finding that 1) contract performance would be in the best interest of the City, or 2) urgent and compelling circumstances that significantly affect the interests of the City will not permit waiting for a decision.

The City Manager shall make a decision on the protest within ten (10) working days from the receipt of the protest. The written decision will respond to the issues raised by the protester and will address any other issues, which even if not raised by the protester, that may have been identified as being relevant to the fairness of the procurement process. The decision will be delivered to the protester by “Certified Mail, Return Receipt Requested.” In extreme cases, it may take longer than ten (10) working days to issue a decision. In these cases, the protester and all other interested parties will be notified of the delay. Any decision rendered by the City Manager may be appealed to the City Council. The protester has the right within five (5) working days of receipt of determination to file an appeal restating the basis of the protest and the grounds of the appeal. In the appeal, the protester shall only be permitted to raise factual information previously provided in the protest or discovered subsequent to the City Manager’s decision and directly related to the grounds of the protest. The City Council’s decision shall constitute the final administrative remedy of the GWTA.

If the City Manager or City Council find for the protester, one or more of the following remedies may be granted:

1. Terminate the contract.
2. Re-compete the requirement.
3. Issue a new solicitation.
4. Refrain from exercising options under the contract.
5. Award a contract consistent with statutes and regulations.
6. Amend the solicitation provisions that gave rise to the protest and continue with the procurement.
7. Such other remedies as the decision-maker may determine are necessary to correct a defect.

The bidder may withdraw its protest or appeal at any time before the City issues a final decision.

A protester must exhaust all administrative remedies with the City before pursuing a protest with the Federal Transit Administration (FTA). However, if the protester believes that the GWTA failed to review the complaint or protest or failed to follow its own protest procedures, the protester may file an appeal to the FTA office below:

Regional Administrator
Federal Transit Administration, Region IV
61 Forsyth Street, SW
Suite 17T50
Atlanta, GA 30303-8917

The protester must file with the FTA no later than five (5) days after the City Council's final decision is rendered, with a concurrent copy of the appeal to the GWTA. The submission to the FTA should include the name and address of the protester, a statement of the grounds for protest and any supporting documentation, a copy of the local protest filed with the GWTA, and a copy of the GWTA's decision.

The GWTA will submit to the FTA any required information requested in order for the FTA to make a determination, including a copy of these protest procedures, a description of the process followed concerning the protest in question, and any supporting documentation. The GWTA will provide to the protester any material submitted to the FTA.
